NFPA 13 INSTALLATION OF SPRINKLER SYSTEM

www.naffco.com

COURSE INTRODUCTION:

This five-day program covers the requirements of NFPA 13 and teaches participants to verify proper installation and use of sprinklers systems. Participants will also learn about new and revised requirements reflecting the latest developments and safety practices in the field and how to incorporate them on the job. Collaborative exercises and discussion led by industry experts share new concerns, vital fundamentals, and the knowledge required for comprehensive understanding on top-quality installations. You'll be more confident and efficient in your designs, installations, and analysis through interactive instruction that engages participants in the full range of NFPA 13 application.

This classroom training will allow to locate, interpret and correctly apply the requirements in NFPA 13.

Who Will Benefit: Engineers, plan reviewers, designers, installers, inspectors, manufacturers, insurers, architects consultants, and project managers.
